We perform a painful and melancholy duty in recording the demise of Mr. Adrian Miquel, whose body was discovered in the East river on Sunday morning. At first some doubt existed as to the identity of the deceased, caused by the far advanced state of decomposition, but yesterday the body was recognized beyond a doubt by a person connected with this establishment, who knew him well when alive. Mr. Miquel was a native of France, where his mother, we understand, is still living. He had been some six or seven years in this country. At one time he was assistant editor of a French journal, called the Franco Americaine; also a classical teacher in the academy of Mons. Couders. Latterly, however, during the last two years, Mr. Miquel occupied the po-sition of translator and writer of the French edition of the New York Herald for Europe.
In December last he became afflicted with an aberra

In December last he became afficied with an aberra-tion of mind, and measures were in progress for medical theatment, when he suddenly disappeared. Steps were taken through the police, and other means applied, to ascertain his whereabouts, but without success, and nothing was heard of him since the time of his missing, until the Coroner was called on Sunday last, to hold an inquest on his remains, which were found floating in the water.

until the Coroner was a superior of the water.

The deceased was a gentleman of considerable attainments, and much esteemed by all who knew him, possessing a warm heart and an affectionate disposition, ever ready to serve a friend and forgive an ecemy.

We took possession of his remains, and directed Mr. Senori, the undertaker, to provide the necessary materials for a respectable burial. Accordingly the body was yesterday interred at Greenwood cemetery, attended by several of his friends attached to the Heralm, who paid the last sad tribute of respect to the remains of the much lamented Adrian Miquel.

"May his soul rest in peace."

another, of larger tourage, so run in connection with her, is about bing laid.

THE STRAMSHIP JOHN L. STRIMENS.—This steamship having left San Francisco on the evening of May 10, reached Panama on the night of May 30, her running time being but twelve days and fifteen hours. The rest of the parsage was occupied by stoppages. The passage of the Illinois was seven and a half days from Aspinwall. The running time through from San Francisco to New York, by sea, has thus been made in twenty days and three hours, via Panama The J. L. S. brought one hundred and eighty bags of mail matter, and but for the miscarriage of a few of the bags on the Isthmus, which detained the Illinoi nearly two Cays at Aspinwall, the trip through would be one of the quickest on record.

BURGLARY.—The decling-house of Charles McLachlan, Esq., situated on Pergen Heights, was entered by thieves, on Saturday ni, what, and reveral articles of clothing, jewley, &c., stoem, although not to a very great amount. Several robberies have been committed lately in that neighborhood, and very great suspicion is entertaised that a band of Gypsies encamped on the heights, are the perpetrators; but as yet nothing has been discovered to fasten the guilt upon them. It is, however, the duty of the public authorities to afford some protection to the inhabitants against the notorious predatory instincts of these Gypsies. They are undoubtedly vagrants, and, as such, amenable to the laws.
